

WA2 and Microclear Announce Merger

(VANCOUVER, BC) July 12, 2010 – WA2 Founder and CEO, Glenn Bailey, together with Andrew Chacko, Founder and President of Microclear Pure Water Systems Inc. announced today that their respective companies will be merging. The name for the combined companies will be WA2 Water Company Ltd.

“We are very excited about the merger with Microclear. They are an incredible company with a strong client base, great team and a strong sense of customer service,” said Glenn Bailey. “We have always admired WA2 and see them as the leading water purification brand in Western Canada. Combining Microclear’s office kitchen services with their market dominance in water purification is a positive development for our clients and team,” said Andrew Chacko.

In addition to water purification systems for homes and businesses, the combined company will offer companies a full range of office kitchen products including coffee, tea and other beverages. The corporate offices and distribution centre will be located in Vancouver, BC.

Founded by Glenn Bailey in 2001, **WA-2 Water Company Ltd.** is Western Canada’s leading water purification company servicing both residential and business clients in BC and Alberta. The company is headquartered in Vancouver, with regional offices in Victoria and Calgary.

Microclear Pure Water Systems Inc. was established in 1999 by Andrew Chacko. The company is focused on providing water purification and office kitchen products to clients in Metro Vancouver.
